15th December 2010

Dear Sir

I am writing on behalf of the Supply and Contracts Department at Kellingley Colliery to thank both you and your staff for all of your help and assistance given to the mine during the recent incident on YZ501's coal face.

Everyone at the colliery appreciated the first class service you gave us especially given the difficulties encountered with our British weather during that period. It is my belief that without your contribution and commitment, our recovery plan would not have worked as efficiently as it did.

Once again, my sincere thanks for your help and assistance at this time.

Yours faithfully

A handwritten signature in blue ink, appearing to read 'T Webster'.
